GIRARDELLI X-1 FOR INTRA-ORAL X-RAY FILMS

X-1

Chairside Darkroom

The entry in x-ray film processing

- Best durability
- Minimal maintenance
- Simple operation
X-1 Chairside Darkroom

The GIRARDELLI X-1 with integrated daylight attachment fulfills all present requirements of an efficient manual x-ray film developer.

**Best durability**
- Each component used is extremely stable and chemical resistant
- Minimal service costs for many years

**GIRARDELLI – 100% “Made in Germany”**

**Ideal cup size**
- allows the development of intra-oral film sizes
- even occlusal films can be developed

**GIRARDELLI – absolutely flexible**

**Minimal maintenance**
- when GIRARDELLI powder developing concentrate is being changed, only quick cleaning of cups is necessary

**GIRARDELLI – frugal and carefree**

**Simple and convenient operation**
- via handling sleeves and by using the film hangers, the films can easily be developed
- angled top allows excellent visibility at all times

**GIRARDELLI – developing is simple**
